CONSPIRACY IN NEW YORK LIFE

FOUR ARRESTS OF OFFICIALS FOR CROOKEDNESS.

FRAUD IN ELECTION CHARGED

DIRECTORS MAY BE OUSTED AS A RESULT

JEROME WILL INVESTIGATE

Agent Frank Will Be Asked to Explain Alleged Forgeries in Regard to Signatures of Several Policyholders—Secretary Scrugham Arrested

NEW YORK April 30. Following an inquiry by the district attorney's office into the recent election of directors of the New York Life Insurance company four arrests were made today three more and one in Albany. Other arrests are expected. It was said tonight that if certain charges were proven the result of the election might be upset.

Joseph Frank a New York Life Insurance agent 60 years old living in Jersey City was arrested in the office of the district attorney charged with forgery in the third degree and released by a magistrate in the custody of his sons. George Gordon Battle acting with several other persons acting for the insurance company in Frank had been summoned to testify concerning the signatures of several policyholders to alleged forged ballots received by the New York Life. It is said Frank made a statement. Assistant District Attorney Smith and Howe will facilitate prosecution of the case. Albany is under a cloud.

Placed in Tombs

Later in the day Charles H. Ludington was released on bail. He had been arrested for the grand jury in connection with the alleged conspiracy of officers of the Mutual Life insurance company. He was arrested. The charge is forgery. He was held in $5000 bail for hearing. In default of bail he was committed to the tombs. He is a brother of Samuel Ludington counsel for the International Policyholders committee. It is asserted was employed in the office of the International Policyholders committee previous to the election. It is said that the offense with which he is charged was committed prior to that date.

On the day of the election he was at the Mutual Life office as a teller but the charge is in connection with the New York Life election. Charles F. Carrington another watcher for the International Policyholders committee was arrested late tonight on a charge of conspiracy is charged.

Secretary Is Arrested

ALBANY N. Y. April 30.—George Scrugham secretary of the International Policyholders committee was arrested here late tonight by Deputy Attorney General Norman Fitzsimmons of District Attorney Jerome's office on a charge of conspiracy under section 168 of the penal code.

Mr. Scrugham declared he did not know the reason for his arrest. He came to Albany to file certain documents with the legislative committee on insurance in connection with the impending bills to amend the insurance law.

Mr. Scrugham said he would make a statement at this time. Nothing has been heard with reference to the charge on which Mr. Scrugham is arrested.

Samuel Untermyer counsel for the policyholders committee gave out the following statement tonight:

Statement by Untermeyer

My attention was only called to this phase late tonight. During a recess while part of the testimony I was taking I learned for the first time of the complaint except what I had just heard in the course of its execution. I am informed that one of the officers of the company is the author of the complaint. They know that the forgeries extend to hundreds and I would like to see the issue. I have no doubt Mr. Scrugham will be able fully to meet this latest move on the part of the company officers to divert the attention of the policyholders from the charges against the officers. Never before in the history of this country has an insurance company been so flagrantly looted by its officers as the New York Life. The counter charges of the officers have been made in the interest of the administration parts and policyholders committee. Representatives of both sides have been heard and many ballots have been examined. Nothing definite was done or announced showing the administration tickets to be the victors by large votes until after the official count. Officers in both companies Carrington, Stirrup and Scrugham were in the district attorney's office yesterday and were examined and released.

Women Clerks Examined

Today four women clerks employed by Policyholders committee representing ballots were examined in the district attorney's office. Also after the complaint against three Policyholders employes was drawn up. Stirrup and Carrington could not be secured till night and were locked up.

The three prisoners will be given a hearing tomorrow morning.

In the complaint Mr. Howe defines the alleged conspiracy had in their possession on December 1 1906 a large number of ballots for the Policyholders ticket which were not at that time according to the complaint in proper form to be counted. The complaint further asserts that the prisoners did conspire together to tamper with the said defective ballots and so altered and changed them without the consent of the policyholders who had signed them so as to make them appear to be valid or [illegible] to be counted at the said election.

INDICTMENTS WILL STAND

Standard Oil Company Cases to Be Pushed

FINDLAY O. April 30.—Circuit Judge Duncan today overruled the motions to quash the indictments against the Standard Oil company and its constituent companies but sustained demurrers to the indictments found by the grand jury in January 1907. Judge Duncan stated he would be ready to hear the first trial the week beginning May 13. Prosecutor David will endeavor in the meantime to obtain a ruling from the supreme court on some of the legal issues involved.

SAILORS SCRAP POLICE

TEN SEAMEN INJURED BY SHOTS AND BLOWS.

Were Returning to Ship Tacoma When Set Upon by Santiago Officers

NEW YORK May 1.—A dispatch from Havana to the Herald reports that a number of sailors from the cruiser Tacoma were wounded in an affray with the police of Santiago yesterday. Commander Tappan in reporting the affair to the navy department here states as follows:

About one o'clock this morning a small party of liberty men from the Tacoma were attacked by the police of Santiago on the way down to the wharf. Enough bluejackets who were present in civilian clothes were also attacked by the police. These were injured.

Henry Lee Lee fireman shot in the lung. Claude Lesley Pember electrician shot in left arm. Leslie Pillman Dunlap gunner's mate fractured collar bone.

Also contusions and bruises. Ensign A. T. Brisbon and sixteen men of the U. S. S. Dixie, U. S. S. Prairie, Scammon, Cincinnati and Louisiana and Electricians Frank Hegborn and N. G. Sturgevant. All is quiet now. Am making a thorough investigation.

Governor Magoon has telegraphed the governor of Santiago province to investigate the trouble and report to him. No political significance is attached to the encounter in Havana.

TALESMEN ARE EXCUSED

Difficulty in Making Up the Ruef Jury

SAN FRANCISCO April 30.—Forty five of the 60 talesmen summoned by Edson Biggy to complete the Ruef jury answered to their names when the trial was resumed this afternoon. A long list of talesmen at once began to present excuses.

Twenty five of these were excused by Judge Lorne. In each case the defense entered an objection. "It is not any concern of yours" said the court "but is entirely within the discretion of the court to accept or refuse these excuses."

SPEND ALMOST BILLION

TOTAL APPROPRIATIONS OF CONGRESS $920,798,143.

Largest Single Item Is $212,691,913 for Postoffices—Huge Sums for Navy and Army

WASHINGTON April 30.—According to the volume on appropriations made new officials created etc. during the last session of congress just completed by Thomas P. Cleaves clerk of the senate committee on appropriations and James C. Courts of the house committee on appropriations the total is $920,798,143.

In addition to the specific appropriations contracts were authorized for public works requiring $67,027,349 of which over $49,000,000 is for river and harbor improvement and almost $16,000,000 for battleships torpedo boats etc. The largest appropriation carried by any one measure was $212,691,193 for the postoffice bill. The naval bill carried $95,905,507 the army bill $78,634,587 and the pension bill $146,143,000.

The new offices authorized are 18,293 in number at an annual compensation of $12,716,184. Of these 4,770 were for the postal service including 3,386 clerks in postoffices and 1,239 railway postal clerks.

A comparison of the total appropriations made at the second session of the 9th congress for 1908 $920,944,144 with those of the first session of that congress for 1907 $879,589,185 shows an increase of $41,205,959.

FOREST FIRES IN B. C.

VANCOUVER April 30.—Bad forest fires on the mainland and islands to the north of Vancouver are reported. The rainy weather permitting the fires to get a good start. The worst fire so far reported is raging on Bazan island almost the whole island being reported to be in flames.

ALOOF FROM PEACE CONFAB

GERMANY WILL NOT JOIN IN CONFERENCE.

READY FOR WAR DEST POLICY

PEACE TALK IS USELESS SAYS VON BUELOW.

PARTIES UNITED IN DECISION

Chancellor Says It is Folly to Give Away to Illusions and Forget Realities as Shown by Europe's Political Relations—Be Ready for War

BERLIN April 30.—There was a general debate in the reichstag today on Germany's foreign relations incidentally Andrew Carnegie's recent reference to the decision between war and peace being in the hands of Emperor William was criticised and classed as a distortion of facts.

Speakers of various parties suggested to Chancellor Von Buelow that Germany should take no part in the discussion of the limitation of armaments at The Hague peace conference.

The chancellor replied that Germany did not object to letting other powers discuss the matter but would hold aloof.

Prince Von Buelow referred to the recommendation of the peace conference at The Hague that the powers study the question of the limitation of armaments.

Germany the chancellor decided has complied with this recommendation.

Has Disquieting Effect

The chancellor claimed the mere prospect of a discussion of limitation of the armament had a disquieting effect upon the international situation.

Germany's abstention from the discussion of the question does not mean said the chancellor that she cherishes a secret desire for war or that she is actuated by military or other selfish motives. Other powers feel the same as Germany regarding the limitation proposition and many friends of peace in France Great Britain Italy and the United States think it would not serve the cause of peace to give way to illusions and lose sight of realities. Germany hitherto has secured peace by keeping in readiness for war. This policy has been proven. We never once misused our military strength and never will. But Germany's peaceable policy has been a sufficient answer to all the aspersions.

German Parties Unanimous

The chancellor reminded the house that his position has been indorsed by speakers representing all the parties in the house. He added:

Supported by this unanimity Germany will show by her course at The Hague that she sincerely favors all efforts calculated practically to promote peace civilization and humanity.

The chancellor discussed other phases of Germany's foreign relations endeavoring to allay the nervousness in Germany respecting King Edward's visits to President Fallieres King Alfonso and King Victor Emmanuel.

Britishers Are Stirred

LONDON May 1. Prince Von Buelow's speech in the reichstag yesterday announcing Germany's plain refusal to discuss the question of disarmament at the approaching peace conference at The Hague is commented on with great interest by the newspapers here this morning. The moderate and conciliatory tone of his remarks concerning the relations between Germany and Great Britain are admitted but there is much difference of opinion as to the attitude Great Britain should adopt as a result of the speech.

The conservative newspapers which all along have opposed the Liberal government's attempts to reduce the expenditures of the army and navy print editorials expressing all but open satisfaction at what they regard as Premier Campbell-Bannerman's mischievous policy thus being effectually checked and declare that Great Britain's only answer must be a reconsideration of her defensive policy.

The Liberal papers on the contrary argue that despite Germany's decision Great Britain should press the question of a reduction of armament and endeavor to convince the world of her sincerity in this respect.

FLOUR FOR STARVING

BUFORD CARRIES 4,000,000 POUNDS FOR CHINESE.

Steamer Logan Will Follow With 2,000,000 Pounds Additional Supplies

SAN FRANCISCO April 30.—The government transport Buford sailed at 1 o'clock today from the Folsom street dock for Chinkiang with 4,000,000 pounds of American flour on board for the famine sufferers in northeastern China contributed and collected through the efforts of the Christian Herald of New York.

The transport Logan will sail May 6 for Chinkiang with 2,000,000 pounds additional cargo.

The Buford is in command of Captain Frank Hall. She is expected to arrive at the mouth of the Yangtse Kiang river about five weeks hence as she will stop over at Honolulu a week. Eight or nine days will be consumed in ascending the Yangtse Kiang 200 miles to Chinkiang which is the point nearest to the famine provinces.

A program consisting of music and addresses was carried out on the wharf just before the Buford sailed. Addresses were delivered by Governor Gillett Rev. Grant DeWitt Talmage of Los Angeles who directed the program James D. Phelan president of the California branch of the American National Red Cross Mrs. A. L. Johnstone representative of the Christian Herald in charge of the relief cargo Bishop William F. Nichols of the Episcopal church Benjamin Ide Wheeler president of the University of California and Poon Chow editor of the Chinese daily paper.

Mr. Johnstone spoke briefly and strongly of the relief work undertaken and carried to successful completion by the Christian Herald and Dr. Louis Klopsch editor and owner. He concluded:

May every one of the 4,000,000 pounds of flour on the Buford save a precious life.

ESCAPES ASSASSINS

PRESIDENT CABRERA ALMOST KILLED BY BOMB.

Carriage Wrecked. Horses Killed and Staff Officers Severely Injured

GUATEMALA CITY April 30.—Estrada Cabrera president of Guatemala narrowly escaped assassination today. He left his private residence at 7:30 in the morning for his customary drive accompanied by his staff. While passing along Seventh avenue an explosion at first supposed to have been caused by a bomb occurred killing the horses attached to the presidential carriage wounding the coachman and injuring several staff officers including General Orellana the chief of staff.

The president who was not injured displayed great presence of mind. Alighting from the carriage he inspected the surroundings and then returned on foot to his residence.

A careful examination showed that the explosion had been caused by a mine. The conspirators dug a tunnel from one of a group of houses tenanted by a man named Rafael Rodil placed the explosives under the roadway and connected them by a wire with a battery in Rodil's house and from there discharged the mine. Many suspects have been arrested.

Peace prevails throughout Guatemala and the government officials say they have the situation well under control.

TO COMPEL THROUGH RATES

Lumber Interests on Pacific Coast at War With Railroads Over Transportation

WASHINGTON April 30.—Rivalry between the Hill and Harriman railroad lines in the northwest has culminated in the presentation of the matter to the interstate commerce commission. For several months lumber dealers in Washington and the Puget sound region have complained informally to the commission that owing to the refusal of the Hill and Harriman lines to make through rates and joint rates they were unable to get their products shipped to points east of the Cascade mountains. Finally it was suggested that they institute proceedings under the new rate law to compel the railroads to make such joint and through rates.

In compliance with the suggestion the Pacific Coast Lumber Manufacturers association the Southwestern Lumber association and the shingle mills bureau today filed a complaint with the commission against the Northern Pacific the Great Northern the Union Pacific the Oregon Short Line and fifteen other railroads requesting the commission to issue orders providing that the railroads shall make through and joint rates on lumber from points in Washington via Portland Ore. to points east of the Cascade mountains.

STRENGTH TRIPLE ALLIANCE

Visit of Austrian Plenipotentiary to Berlin Is Significant Move in Politics.

VIENNA April 30. Much interest was expressed here tonight on the departure of Baron Von Aehrenthal the Austro Hungarian foreign minister for a visit to Berlin. He takes with him an autograph letter from Emperor Francis Joseph who gave him an audience today to Emperor William. After his return the foreign minister will visit Venice where he will meet King Victor Emmanuel and Signor Tittoni the Italian foreign minister. The Austrian papers attach much importance to these visits as strengthening the triple alliance. They also dwell upon the great importance of Austrian alliance for Germany contending that Germany is now more isolated than under the Bismarck regime.

BRIBERY SUIT DISMISSED

A. K. Detweiler Escapes Trial in Telephone Case

TOLEDO April 30. D. J. Cable of Lima O. who sued A. K. Detweiler the man who was indicted in connection with the telephone bribery cases at San Francisco a short time ago in the common pleas court for $20,000 has dismissed the suit. Cable asked judgment for the amount for work done. The petition alleged he was employed to ascertain the stockholders in the Los Angeles Telephone company. No reason is given for the dismissal of the suit.

TEST BALLOON FOR UNCLE SAM

EXPERTS MAKE TRIAL TRIP FOR WAR PURPOSES.

TO BREAK DISTANCE RECORD

HOPE TO FLY FROM ST. LOUIS TO WASHINGTON

ARMY MEN MUCH INTERESTED

Start Made Under Unfavorable Conditions of Weather, but Aeronauts Hope to Gain Valuable Data for Government—A Trip of 48 Hours.

ST. LOUIS April 30.—With a sharp, raw wind blowing and heavy clouds banking the sky Captain Charles DeF. Chandler United States signal corps and Aeronaut McCoy of New York city started tonight on the long distance balloon trip they had been trying to take for three days. They hoped the wind would carry them eastwards so that they might end near Washington D. C. but immediately upon leaving the ground the balloon took a southerly course veering slightly to the west.

Captain Chandler is making aerial observations for the government which is now interesting itself in balloons as aids to the army in case of war. He carried instruments to show the altitude and the speed attained. Aeronaut McCoy hopes to win the Tahm cup offered for the longest distance continuous flight.

The balloon left the ground at 7 p. m. The weather was not favorable for ballooning the air being heavy with moisture and the temperature almost to the freezing point but the flight was made in order to have the benefit of the moonlight without which the flight would not have been attempted.

Use Carrier Pigeons.

Several carrier pigeons were taken and messages will be sent back to St. Louis. Captain Chandler said before entering the basket that they expect to be in the air about 48 hours.

The start was even the balloon rising straight in the air until higher than surrounding buildings. It then veered sharply to the south and continued in that direction until beyond the vision of those on the ground. Though Captain Chandler was disappointed in the failure to have a west wind for the voyage he said he felt he could wait no longer and would make the best of the north wind.

Long Trip Expected

You may rest assured we will not come down in the vicinity of St. Louis he said. The ascent was witnessed by a vast crowd.

The America in which McCoy and Chandler ascended is the second largest balloon in the country. The largest which was recently completed by Lee Stevens for the government has 2,000 feet greater displacement. The America has a displacement of 75,000 cubic feet and lifting power of 3,500 pounds. On the flight this lifting capacity was divided among the equipment provisions and supplies the aeronauts and ballast as follows: Bag and basket 1,004 anchors ropes drags and drag ropes and other equipment that could be thrown overboard in an emergency 440 pound provisions clothing bedding instruments etc. 200 McCoy and Chandler 250 ballast 1,100. Total, 3,000.

STRIKE ON IN DENVER SHOPS

One Thousand Mill Men and Woodworkers Walk Out—Electricians Threaten Trouble

DENVER April 30.—One thousand mill men and wood workers will strike tomorrow against the system of open shop which now prevails here. The men have been receiving 24 cents an hour were granted an increase of 40 cents but the employers refused to abandon the open shop. It is understood that the electrical workers will also go out. They receive $4 per day now but demand $5 per. As a compromise they were offered $4 and after considering the matter overnight accepted this proposition. They found however that the employers had changed their minds and would not grant the increase. There are several hundred electrical workers in the city.

READY FOR THE TRIAL

ATTORNEYS FOR ACCUSED MINERS ON THE SCENE.

No Change of Venue Will Be Asked Families Reunited at Jail

BOISE Idaho April 30.—Clarence S. Darrow of Chicago and E. F. Richardson of Denver arrived here for the defense of Charles H. Moyer William D. Haywood and George A. Pettibone the men accused of the murder of former Governor Frank Steunenberg have arrived and announce they are ready for the opening of the trial of Haywood on May 9. They make the statement that no motion for another change of venue will be entered and that the actual trial will proceed without delay so far as they are concerned.

Mrs. Haywood has arrived with her two daughters aged 1 and 11. She is an invalid and moves about in an invalid chair. There was a very interesting reunion between the members of the family Sunday morning in the court house grounds mother and daughters passing most of the morning with the father there.

Today the same program prevailed the family being gathered in comfortable seats or strolling over the lawn for several hours. The men accused with Haywood were also on the grounds. Mrs. Moyer and Mrs. Pettibone were there for Mrs. Moyer is ill at the hospital. Mrs. Moyer visits her regularly each day while Mrs. Pettibone has an opportunity to promenade in the grounds with her husband daily. The court house stands in a large square surrounded by a beautiful lawn. The three prisoners sleep behind bars in a jail addition built at the back but during the day they occupy rooms in the older portion of the building connected with the sheriff's office. Each day they are permitted to go out in the grounds where the men pitch quoits play a ball or indulge in such other exercises as they desire. During the outdoor period the wives visit their husbands and other friends come in and hold conferences with them. There are guards at hand but these render themselves inconspicuous as possible.

MAY DISSOLVE DUMA

STORMY SESSION ENDS IN SERIOUS DIFFERENCES

Socialists Refuse to Vote for Military Budget as Aiding in Tyranny of Emperor

ST. PETERSBURG April 30.—Lieutenant General Rutiger minister of war went to Tsarskoe Selo today to report to Emperor Nicholas concerning the incidents in the Duma yesterday. It is rumored that the emperor decided to dissolve the chamber because of attacks on the army. The session of the chamber tonight lasted very late. It was occupied with ordinary business and one of the ministers said there was no doubt the duma would reassemble on May 15.

The morning session of the duma was stormy. Gregory Alexinsky Social Democratic member for St. Petersburg said Social Democrats every where refused to vote for military budgets because armies were used in the oppression of workers and that there was much greater reason that they should refrain in Russia where the soldiers were employed to crush the revolutionary people. He repeated his implication that this was not patriotism and said if a German army (a bugaboo invoked by the Constitutional Democrats to pass the measure) appeared at the frontier the proletariat guard would assuredly be in defense of the fatherland as it now was dying fighting the tyrants.

Malensky was repeatedly called to order and finally was denied the floor. At this the Social Democrats left the hall and the Constitutional Democrats moved closing of the debate. In the open session of the chamber the Social Democrat proposed a discussion and a vote of censure of M. Golovin the president but Golovin and hisses and cat calls from the left ruled the criticism of the chair was out of order and refused to recognize radical speakers.

The court martial bill was adopted without discussion. The reactionaries raised the point of no quorum and refused to be counted as present. In the morning half of the house however a bare quorum was found to be present and the measure was passed. There is no possibility of its becoming a law.

NOT THEATER MERGER

NEW VAUDEVILLE COMPANY NOT IN TRUST.

So Say Officials of United States Amusement Company—General Situation Unaltered

NEW YORK April 30.—The board of directors of the United States Independent Theater managers consisting of David Belasco Lee Shubert Harrison Grey Fiske Henry Miller and Walter N. Lawrence [illegible] today gave out the following statement relative to the new vaudeville combination:

We desire to correct the recent misapprehension that appears to exist and that has found expression through the press that the United States Amusement company has been formed in the interests of the independent managers with what is known as the Trust as a rival.

This misapprehension has grown out of the recent acquisition for vaudeville by the new United States Amusement company of several theaters under the management of the Shubert Theatrical company a corporation the majority of whose stock is owned by western capitalists. The theaters in question were leased and that were acquired by the Shubert Theatrical company to supplement the original circuit of independent theaters and their withdrawal does not in any respect alter the general situation. For the most part these theaters are situated in the cities of lesser importance. It is our purpose to conduct our various enterprises on independent lines. Our independent interests will remain independent. All contracts and booking obligations privately entered into for the private theaters acquired by the corporation will be fulfilled but we desire it to be understood that the fulfillment of such obligations does not imply and should not be construed by the press or the public as implying any agreement or understanding that is contrary to the principle of theatrical independence."

HEROES SAVE ENTOMBED MEN

MINERS ARE REACHED, BUT UTTERLY EXHAUSTED.

DEATH IS BRAVED IN RESCUE

ONE MAN'S COOLNESS SAVED ALL SEVEN

FIVE DAYS WITHOUT WATER

Daring Miners Swim Through Flooded Tunnel to Carry Supplies to Comrades Who Are Reduced to Last Extremity of Human Endurance

JOHNSTOWN Pa. April 30.—After being entombed since last Friday noon in the Berwind White coal company mine No. 35 at Boswell near here the seven miners who were shut off from the world by a sudden rush of water caused by the breaking of a wall of an abandoned mine were rescued at 6 o'clock tonight. The men were greatly exhausted owing to their weakened condition and it was decided not to bring them out until after the mine had been drained.

The men were rescued by Stines Reid and Charles Reim who made a dash through fifty feet of water-filled heading. Earlier in the day John Boley brother of one of the imprisoned men and three companions made a final attempt to reach the men. They came back half drowned and reported that portions of the heading were still completely filled with water and that no pumping would have to be done before the imprisoned men could be reached. The efforts at pumping were then redoubled.

Heroic Volunteers

At 10 o'clock tonight no word had so far come down that it was resolved to make one last attempt to break through to the men. When it was believed the unfortunate men were still alive Stines Reid and Charles Reim volunteered for the task. Over an hour elapsed before either man was heard from and then a shouted message reached the waiting throng bringing the first news from the imprisoned men. The effort had nearly exhausted Reim. He reported that the seven men were alive and in good condition but that until more pumping was done the passage to the place where they had taken refuge was impassable to those who could not swim. Then it was resolved to allow the men to remain where they were until the heading had been pumped out.

Saved by Forethought

Reim and Reid carried to the imprisoned men simply a flask of brandy and a little water. He reported that Mike Bolojan in the breaking of the wall behind the abandoned workings been in charge of the movements of his comrades. Bolojan acquainted with the mine when the flood broke out he led his comrades to the first point in the heading where the men were situated. Lud Bowers director even went back for fleeing seized his lunch basket. When they arrived at the place every lamp but one was extinguished and one by one the lamps were relighted burned out until when the men were rescued by Reid and Reim. The last single light remaining and that in danger of burning low at a time.

Went Without Water

When [illegible] it was found that three bodies were but [illegible] Tasker [illegible] Mike [illegible] During [illegible] to the [illegible] work. [illegible] Bolojan [illegible] been [illegible] left [illegible] Wilkins Poland or comrades [illegible] storm [illegible] they had sought refuge and when [illegible] no food [illegible] high [illegible]

Shortly [illegible] Bolojan [illegible] Dowerd [illegible] had [illegible] data [illegible] experience.

Kept Busy Pumping

While [illegible] the flood broke [illegible] Dawes [illegible] companions had risked in a pump which they found and began pumping the water which [illegible] the pump mouth [illegible] the other side of them. They pumped continuously Saturday [illegible]

Sunday night [illegible] of the men slept. Monday they began pumping again. To overcome the tense roll when not pumping the men dug on. John kept a man tapping on the compressed air pipe. The signals were always four taps and three [illegible] indicate that they were in the fourth right heading and that seven of them were alive.

Never Lost Nerve

At various times as the hope of rescue faded Bolojan had difficulty in preventing [illegible] attempting [illegible] to safety.

The [illegible] in his pocket [illegible] mark the fall of water. Monday the water became [illegible] Bolojan [illegible] his nerve. When comrades became discouraged ready with some plan that their activity.

THE FOUNTAIN THEATER COMPANY

Commencing next Tuesday night May the well-known and popular Marie and Bobby Fountain company will open their annual summer engagement at the Opera house. This splendid stock company carries 18 acting people this season and produces new standard plays along with real vaudeville acts that please the people. During their Colorado Springs engagement the following plays will be in order: "Home, Sweet Home" a beautiful rural comedy drama which can be classed with such successes as "The Old Homestead" and "Quincy Adams Sawyer" and is entirely new rural play. "The Southern Rose" is as the title indicates a play of the south but is not a war play, as it deals with the south today and is a production staged properly and pleases all classes of theater goers. "Love and Duty" is a war drama dealing with war times throughout. "The Fatal Scar" is a melodrama filled with interesting situations yet it is not classed as a sensational play. "The Daughter of Virginia" is a real American play in which the portrayal of the numerous characters are so true to life that the audience can easily fancy themselves listening to real life instead of a stage picture. The Marie and Bobby Fountain company stands today as the representative stock company of the west and south. They will give three matinees each week at popular prices.

CHARLES B. HANFORD IN "JULIUS CAESAR"

The play of Julius Caesar in which Charles B. Hanford will appear at the Opera house on next Monday evening is one which presents such a variety of opportunities that every legitimate actor finds in it a special part. Some of the great players select the role of Brutus as the one best calculated to display their powers, others choose the more subtle and magnetic Cassius. Charles B. Hanford takes the eloquent Mark Antony, the central figure. Several reasons led Mr. Hanford to this choice. While he played the part with the Booths for the combination he scored [illegible] success but when he decided to star himself he still stuck to the part in which he had [illegible] identified with the name of Mark Antony.

The cowboy will win out, always, in any game with any city chap when the task set is one of sheer endurance. Beans are to him what bread is to the city chap.

Live Sports

WILD WEST SHOW TODAY

Fine Broncho Busting Exhibition at Roswell Park

A wild west show and broncho busting exhibition will be given at Roswell park this afternoon at 2:30 o'clock by Bill Westfall and a number of other well-known riders. Westfall will throw three local steers with absolutely no assistance in the form of rope or other paraphernalia. Fourteen head of outlaw horses will be ridden. Among those who will assist in the exhibition are the following: Harry Hill, Fort Apache; Henry Metcalf of New Mexico, Alkali Ike of [illegible] and Miss Kitty White of Arizona. Miss White is the champion woman broncho buster of the United States. A pony race with a prize of $10 for first place will be open to all comers.

PLAYS STAR GAME

Miss May Sutton Outgenerals William Larned

NEW YORK, April 30.—Early has Miss May Sutton played better form than she showed in winning the final of the mixed doubles this afternoon. She kept the ball on using the net at such a steady rate that William A. Larned, who was partnered by Miss Nora Iselin on the opposite side, was frequently outplayed at his own favorite shots.

Miss Sutton was supported by E. P. Bell and the pair won the contest in three straight sets by the score of 6-3, 6-2, and 6-2.

INTEREST IN FIGHT KEEN

Burns-O'Brien Mill Is Arousing the Sports

LOS ANGELES, April 30.—Interest in the fight between Tommy Burns and Jack O'Brien before the Pacific Athletic club here May 8 for the heavyweight championship is increasing. Betting remains even although so far only scattered wagers have been made. The fight is attracting more public notice than any contest ever scheduled in this city. It is expected that the house will be worth to the management about $55,000. The men are fighting for 60 and 40 per cent of a $30,000 purse. The matter of referee has not yet been decided.

AMERICAN LEAGUE

PHILADELPHIA 2, WASHINGTON 0.

WASHINGTON, April 30.—Plank held Washington down to six hits today and Philadelphia won out on timely hitting. Score:

										R	H	E
Washington	0	2	[illegible]	0	0	0	0	0	0	2	6	1
Philadelphia	0	0	0	0	0	0	0	1	1	2	6	1

Kitson and Block; Plank and Schreck.

CLEVELAND 4, ST. LOUIS 2.

ST. LOUIS, April 30.—Cleveland won the final game of the series from St. Louis today, the score resulting 4 to 2. Notwithstanding the cold weather both teams played good ball. Score:

										R	H	E

NO FACTIONS ALLOWED

OHIO REPUBLICANS ARE UNITED IN POLICY.

No Ring Can Control State Central Committee Says Walter F. Brown

COLUMBUS, O., April 30.—Walter F. Brown of Toledo, chairman of the Republican central committee, in a statement issued tonight declares no faction can control that committee.

"This newspaper talk," he says, "that the leaders of any faction can control the action of the Republican state central committee is rot. The members of the committee without exception are men of experience in politics, able to think and act for themselves. The two votes thus far taken by the committee are significant. In the selection of a chairman of the state executive committee seven members voted against Senator Dick because they were fully convinced that to intrust the management of the last campaign to him was to invite disaster. Fourteen members of the committee voted for Senator Dick because they had confidence in his leadership and believed that to bring campaign managers upon the eve of an election and further to convert the contest into a strife at the state convention was to insure disaster.

"The election of a chairman of the state central committee was in no sense factional. It was purely a personal matter. There were three candidates, W. P. Pripps of Paulding, Colonel King of Warren and myself. I am not aware that Senator Foraker took any interest in that election. So far as Senator Dick took any part he gave his preference to Mr. Phipps. My election was brought about by the activity of these veterans on the committee with whom I had served for several years. It had no other significance. Mr. Phipps, Colonel King and I all voted for Senator Dick for chairman of the executive committee. Four of the members who voted for Senator Dick did not vote for me, and two of the members who voted for Senator Dick voted for me.

"Men of sense, before acting in important matters, are always glad to confer with others with experience and knowledge. The members of the Republican state central committee I venture to say are men of sense. They are also men who when the time comes to act will act each upon his own personal judgment and responsibility and with a single eye to the success of the party."

WIFE WARNS HUSBAND

Agent of Telephone Company Arrested for Bribery

HONOLULU, April 30.—When the steamer China arrived here yesterday having on board Theodore V. Halsey, former general agent for the Pacific States Telephone and Telegraph company, who is under arrest to answer charges of bribery in San Francisco, his wife signaled him from the end of the wharf, presumably cautioning him to say nothing. He responded intelligently and stepped off the gang plank. A son of Detective William J. Burns, who came to Honolulu on the same steamer with Mr. Halsey, was introduced to the accused man by Captain Trowbridge of the Philippine secret service who had Halsey in custody.

SEVEN THOUSAND ON STRIKE

San Francisco Iron Trades to Be Paralyzed by Walkout of Men

SAN FRANCISCO, April 30.—Seven thousand men affiliated with the Iron Trades Council will go out on strike to morrow morning. Of this number 4,000 are employed in San Francisco, the others around San Francisco bay. The question of arbitration will be considered at a meeting tomorrow afternoon, overtures to this end having come too late to stop the plans for a strike.

LONDON, April 30.—Hugh L. Doherty, English lawn tennis champion, will not play this year on the English team for the Dwight Davis cup. He said: "I will not play in any open tournament this year and will not defend my title as champion."

BADLY AFFLICTED WITH ECZEMA

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could hear of. I had no doctor but I went into a drug store where I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said, 'Of course I do. Just get a cake of Cuticura Soap.' I got it, and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there had a cake of Cuticura Soap with me. I told her about it and gave her the Cuticura Soap, and in about three months I went there again the child's head was covered with hair and not a sign of dandruff. My sister said it was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. F. W. Shigley, Columbus, Kan., Oct. 25, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to clean the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

You and the Dealer and the "Triangle A"

How many times have you been the victim of bad cigars? You didn't feel like buying from that dealer again, did you?

Now that is precisely where both you and the dealer got the small end of the bargain.

You got it in a bad cigar.
He got it in the loss of your trade.
It served you *both* right.

When you learn to *demand* and *get* "Triangle A" cigars, it will be better for both you and the dealer.

You'll get the acme of cigar quality in the "Triangle A" brands, and the dealer who sells them will hold your trade always.

There is one right way to buy cigars. Look for the "▲" (Triangle A) on the cigar box every time you buy.

There is no other way to get as good value as you are entitled to.

This "Triangle A" merit mark identifies the product of the most modern improved methods and scientific processes of cigar production, and represents a standard of quality far superior to those cigars not marked with "▲" (Triangle A).

The New CREMO

is first-class *evidence* of the quality that is guaranteed by the "Triangle A."

Every box is extra-wrapped in glassine paper, sealed to maintain perfect smoking condition and cleanliness until the box is opened.

INVESTIGATE BOND MYSTERY

Papers Are Secured From Vaults That Throw Light on Alleged Robbery

NEW YORK, April 30.—Securities and papers that had been locked in the vaults of the Atlantic Safe Deposit company the district attorney's office today made material headway. It is believed the investigation of the conspiracy through which the Trust company of America was robbed of bonds aggregating in value more than a half million dollars.

It was reported that the papers in question included considerable correspondence, but nothing definite concerning them could be officially learned. Both Oliver M. Dennett and W. O. Douglas, who are in custody, were questioned at length.

Following the talks with Dennett and Douglas a strong box was brought to the district attorney's office from the Atlantic Safe Deposit company.

MESSENGER BOY DETECTIVES

From the Philadelphia Record.

That messenger boys make good detectives was the assertion of the superintendent of one of the local offices of the Western Union Telegraph company recently, and when asked to explain his remark he said: "Not long ago a woman came to the office and requested our aid in locating her 7-year-old boy, who she declared had strayed from her side in Broad street station. Fortunately the distracted mother had with her a photograph of the missing boy, which we gave to one of our bright lads with instructions to go to the station and search for the wanderer. He departed on his errand. While we were awaiting his return the telephone bell rang and a voice asked if we had sent a messenger to the station. We replied in the affirmative. Thereupon the receiver was hung up, and shortly afterward the mother had the satisfaction of clasping to her heart her lost darling. The embryo detective received a dollar for his work, and the woman left vowing she would recommend our boys to anyone losing children." Afterward we learned that a public man had heard our messenger trying to persuade the child to go with him, and thinking from a case of kidnaping had prevented it until assured by us that everything was all right.

PROSPEROUS TIMES IN CANADA

From the Chicago Chronicle.

In his annual report the president of the Bank of Montreal, Canada's largest banking institution, says that the business in 1906 surpassed all former records, and the condition of Canada at present is one of general prosperity. The farmers fared well, crops of all kinds produced more and the output of the forests and the seas exceeded that of any previous year. Canadian railway earnings continue large and manufacturing concerns in many cases are refusing to take further orders. The immigration for the year (375,000) was the heaviest on record. Failures were few and quite unimportant.

We like our friends to be perfectly frank with us—about other people.

BRIEF BITS OF NEWS

GUTHRIE, Okla., April 30.—The federal indictments against the Kansas City and Eastern Oklahoma lumber dealers, charging violation of the anti-trust law, were held good today by Judge Garb. The cases were continued to the next term of court.

KANSAS CITY, April 30.—Frank Gotch of Iowa tonight defeated Alfonse Steuss of Belgium, great catch as catch can wrestling champion, two straight falls, the first in 5 minutes and the second in 14 minutes.

PARIS, April 30.—General Horace Porter, ex-minister from the United States to Paris, arrived here today on his way to The Hague, where he goes as one of the American delegates to the peace conference.

TOKIO, April 30.—Owing to the discharge of 600 workmen from the shipyards at Kuraga, disorders have broken out there and part of the works have been destroyed. Troops have been sent.

MANILA, May 1.—Earthquake experts believe that it is possible to be warned by wireless telegraph right or 12 hours in advance of the shock. Experiments are now in progress at Manila as the result of observations made at the time of the last troubles. At that time vibrations in the wireless were noted eight hours before the earthquakes were felt.

MANILA, April 30.—Captain [illegible], of the quartermaster's department, and Chief Clerk F. P. Thornton, who are accused of having padded pay rolls, pleaded no guilty in the criminal court today. No date was fixed for trial.

TRAIN DERAILED ON G. N.

Several Children and Mail Clerk Injured.

ST. PAUL, April 30.—A report to the Great Northern railroad headquarters here says that passenger train No. 1 was derailed at 8:45 o'clock last night two miles east of Midvale, Mont. The entire train, with the exception of the engine and a mountain car, was derailed. A mail clerk and several children on the train were slightly injured. The cause of the accident is not known here.

Craving for Drink Destroyed

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who reads this can be cured of the liquor habit by the use of Orrine. This remarkable discovery has been so successful in our hands that we are glad to sell it under an absolute guarantee to refund the money if it does not cure. It is tasteless and can be given secretly and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical, as it costs only $1 a box and there is no detention from the usual duties while it cures is not effected. There is no expense whatever. Mail Orders filled. The Orrine Co., Washington, D. C. Sold by Butcher Drug Co., 124 East Pike's Peak.

PROFIT IN FOX HUNTING

Industry of Considerable Importance in the State of Maine

From the Boston Herald.

Fully [illegible],000 fox skins are sold out of Maine every year. Few of the skins are shot. Many are killed by the use of traps and hounds, but what hundreds of others are killed in drives, known as the New Hampshire method.

It takes a lot of manilla for the fur buyers to pay in the gain for spring fur [illegible] with them.

No accurate statistics are available as to the number of foxes captured in Maine in a year. A few years ago Charles F. Oak of Caribou, then land agent, told before a committee hearing that more than [illegible],000 fox skins were sold out of Aroostook county alone every year.

Outside of Aroostook county, where several men make a business of fox hunting, perhaps 2,000 pelts are taken in a year, making the total output of the state [illegible],000.

The price of good fox skins has reached the highest notch this winter, clean and even red pelts commanding from $4.50 to $5 each, as against $2.50 a year ago and something like $2.50 five years ago.

Pure silver grays, which are rare and black, which are very rare, prices remain very much as in former years, though the rates have advanced some, while the market is much steadier since the close of the war between Japan and Russia, as nearly all these expensive skins are marketed in Russia.

One fox skin in 240 is from a cross fox and is valued at $30. One in 10,000 is a silver gray, and is worth $200 to $500, and perhaps one in 100,000 is a pure and radiant black, which may bring $800 or even $1,500, thus making the coat of the black fox the most valuable garment worn by any animal on top of the earth.

An enterprising American has begun to manufacture cement tombs.

In 1904 the United States exported $7,400,200 worth of electrical machinery.

German pianos can be bought in Turkey for as low as $110.

COLLEGE ANNUAL OUT

WILL MAKE ITS APPEARANCE AT CHAPEL TODAY.

"The Pike's Peak Nugget," a Work of Art From Cover to Cover. Credit to Juniors.

The annual publication, "The Pike's Peak Nugget," of the junior class of Colorado College, is available for the students of the college today. For the first time in several years the class has been able to get the book published in time. Last night the annual board entertained the rest of the junior class at the home of William G. Lennox, on North Nevada avenue. This afternoon the annual board will have a picnic in North Cheyenne canon.

The "Nugget" is larger than usual this year. There are 250 pages of reading matter and illustrations. The annual board has been at work on the publication since last June, and the high quality of the book shows how much work has been put upon it. The following were members of the editorial staff: Editor in chief, Harold DeWitt Roberts; literary editor, Miss Phoebe Ward, associate editor and chief artist, Charles F. Howell; editor of college data, Charles W. Lion; associate editors, Misses Ernestine Parsons, Rhoda Norton Harper, Ruth H. Fitchinghan, Mr. M. Gilmartin; art editors, Misses Julia Faith Palmer, Inez Ana, Clara W. Ingersoll, William Lennox, Mabel Thorp; business manager, Donald C. McCreery; assistant business manager, Wilsch G. Smillie.

The book has many new and unique features. It is printed on the best quality of glazed book paper and is bound in natural color sheep. Special attention has been given to the illustrations and all the sketches are good. One of the best series is the set of our class eastern artist. The freshman picture is that of a large stone on a sculptor's bench; the sophomore picture shows the stone partly hewn away and the word "Knowledge" barely visible; the junior picture shows the outline of a bust and the word "Wisdom" appearing; the senior picture shows completed bust of Jupiter, the God of Wisdom. Miss Jeanette Scholz of Colorado Springs, F. R. McCauley of Montreal, Canada, K. L. Hyder of Denver and Miss Edith Burns of Appleton City, Mo., contributed to the art department.

The book is dedicated by the class to Pike's Peak. The dedication ode was written by Miss Mildred Humphrey of Colorado Springs. There are a great many half-tone pictures of scenes around the campus, the city and mountains. Special attention has been given to the athletic department, and 30 pictures and sketches illustrate the section.

Miss Mildred Humphrey of Colorado Springs was awarded the $5 prize for the best poem. It is entitled "Passing." William G. Lennox was awarded $5 for the first prize story, called "His Last Chance." T. D. Riggs was given the prize for the second best story. Frank Moore won the first prize for the best college song with music and E. W. Hills won second place in the music contest. There are many short stories and poems which are interesting and amusing.

The junior class will celebrate at chapel today. The girls will be dressed in white, with lavender sashes and ties and little Dutch caps. The boys will wear white trousers, white shirt waists and lavender ties. The procession into chapel will be led by the smallest girl in the class, who will carry a copy of the annual on a large lavender and white cushion.

MRS. SOUTTER MARRIES

WELL-KNOWN SPRINGS WOMAN WEDS DENVER MAN.

Bride Popular in Social and Musical Circles. Groom Prominent Business Man.

Mrs. Madge Farsman Soutter and William Harper Huff of Denver were united in marriage yesterday afternoon at 2:30 o'clock, at the home of the bride's parents, Mr. and Mrs. Henry C. Farsman, 22 Cheyenne road, the Rev. Edgar W. Work, pastor of the First Presbyterian church, officiating. Only immediate relatives of the bride and groom were present.

Mrs. Harry Elmore Lee of New York city, the bride's sister, was her only attendant, and the best man was the groom's brother, Charles Huff of Denver. The bride was attired in a traveling gown of pale gray cloth and a picture hat, and carried bride's roses. Mrs. Lee was in pale blue crepe and carried pink roses.

Beginning at 4 o'clock, an informal reception was held, the guests being simply the nearest friends of the bride and groom. Announcements cards will be sent out to many others for whom it was impossible to include invitations to the house.

Mr. and Mrs. Huff departed at 6.15 p. m. via the Santa Fe, for the Pacific coast in the private car "Colorado," and will take a honeymoon trip of a month or more. Upon their return they will reside at the Savoy hotel, Denver, while their future residence is being erected.

Mrs. Huff has always been identified with Colorado Springs society and musical circles. She spent several years abroad in the study of her favorite instrument, the violin, and has frequently appeared here and elsewhere in concert.

As first vice president of the Victor Fuel and Iron company, Mr. Huff is prominent in Denver business circles. He is also prominent in a social way and a member of the Denver, Country and Athletic clubs of the capital city.

HAS A BABY DAUGHTER

Mrs. C. F. Clarkson a Mother.—Is Well-Known Here.

The New York Mail of April 26, '07, contained the following item which will be read with interest by many in this city:

"A baby daughter has been born to Mr. and Mrs. Coker Fifield Clarkson. Mrs. Clarkson is the daughter of Col. George R. Corkhill of Washington, who prosecuted Guiteau, the assassin of President Garfield, and granddaughter of the late Samuel F. Miller, justice of the United States supreme court. Mr. Clarkson was a Harvard man of the class of 1894. His father is Gen. James S. Clarkson, surveyor of customs of the port of New York, and ex-chairman of the Republican national committee.

"Among the messages of congratulation received was one from President Roosevelt."

Mrs. Clarkson visited in Colorado Springs several times before her marriage. She is a niece of Mrs. A. E. Touzalin, who spends the summers at her country place on the side of Cheyenne mountain.

JACKSON FUNERAL TODAY

Well-Known Young Woman Dies After Long Illness.

The funeral of Mrs. Kathleen Childs Jackson, a well-known writer of this city, and for some time private secretary to Judge Murat Masterson, who died Monday at 117 North Nevada avenue, will be held from the undertaking rooms of Fell, Ayres & Law this afternoon at 2 o'clock. Mrs. Jackson was 24 years of age and was born in Batavia, N. Y. For some time before coming to Colorado Springs for her health, she was private secretary to the vice president and general manager of the Pennsylvania railroad. She has written a number of human interest stories which showed marked literary talent. She is survived by an uncle, R. S. Madole, assistant market master of this city.

B. G. ROBBINS WITHDRAWS

Is Not in Race for Election to Board of Education.

B. G. Robbins, whose candidacy for membership on the board of education was announced in The Gazette last week, has withdrawn from the race. This leaves only two candidates. E. W. Stoplins is a candidate for re-election for the five-year term and Mrs. E. A. Sawyer is seeking re-election for the three-year term.

ULMER'S DISMISSAL MOTION

Campbell-Hitchcock Case Will Be Bitterly Contested.—Previous Order Held to Be Interlocutory.

In the district court yesterday Judge J. W. Sheafor denied the motion of the defendant for dismissal of the famous Campbell-Hitchcock Bathing company case, but intimated that he will regard a previous order by Judge L. W. Cunningham as an interlocutory and not a final decree. The case was continued until May 1, for further consideration of Judge Cunningham's order.

The case, which has developed several sensational features, bids fair to be a bitter legal battle. S. H. Ulmer is the attorney for defendant, J. F. Stofer is acting for the plaintiff.

In granting the motion for dismissal Judge Sheafor said: "In denying the defendant's motion to dismiss the complaint and supplemental complaint is a victory for the plaintiff, but the court's intimation that he will regard Judge Cunningham's order as interlocutory, will, if carried out, be a victory for the defendant.

Mrs. Campbell and other minority stockholders are suing for the return of 56,000 shares of Manitou Bathing company stock and for an accounting. Judge Cunningham ordered the return of the shares, but passed the accounting question to the successor on the bench. That the partial hearing of the question precludes a final order in the case is the contention of Attorney Kinsley for the defense, which will be sustained in the court, according to Judge Sheafor's statement yesterday.

SOCIETIES AND CLUBS

The young ladies of St Agnes guild of Manitou, will give a masquerade ball in the Cliff house May 13.

The U. S. club of Manitou, will be entertained at the home of Mrs. William Lennon Saturday afternoon.

The East Side W. C. T. U. will meet at 2:30 o'clock this afternoon with Mrs. Vogel, 815 East Boulder street.

The Woman's Educational society will meet at the residence of Mrs. E. S. Parsons, 1130 Wood avenue, today.

The Substitute Card club will be entertained at the home of Mrs. W. S. Boynton, 1104 North Tejon street, this afternoon.

The Ladies' Aid society of the German Lutheran church will meet this afternoon with Mrs. H. E. Kajedke, 818 East High street.

The King High Five club will be entertained tomorrow evening at the home of Mr. and Mrs. W. C. Stark, 624 North Nevada avenue.

The Nurses association will meet in Grace church this afternoon at 3:30 o'clock. Dr. Tucker will lecture on "Pneumonia" at 4 o'clock.

The regular monthly meeting of the board of managers of the Deaconess hospital will be held this afternoon at 3 o'clock in the hospital parlors.

The Ladies' Aid society of the First Congregational church will give a missionary tea in the parlors of the Pittsburg hotel tomorrow afternoon.

The East Side W. C. T. U. will meet this afternoon at 2:30 o'clock with Mrs. Vogel, 815 East Boulder street. Every one interested has a cordial invitation to attend.

The Columbia Kindergarten association will give an entertainment in the High school auditorium Friday evening. Several of the leading musicians of the city will take part in the program.

The St. Andrew's guild of Manitou, will hold its annual meeting tomorrow afternoon for the election of officers. The meeting will be held at the home of Mrs. B. W. Bennett on Canon avenue.

The storm will necessitate a change in the plans of the Woman's club for today. The members had hoped to go out to the canon and sow wild flower seeds. Instead, the usual meeting at 3 p. m. in Grace parish house must be substituted. Mrs. Nifong will give a paper on Shakespeare's play, "As You Like It," and Mrs. Kerr and Mrs. Ward will render some of the scenes.

The members of the Sewing club will have a progressive luncheon this afternoon. Each member will serve one course. The luncheon will be served at the following places: With Miss Carolyn May, 2008 North Tejon street; Mrs. J. Raymond Lowell, 1423 North Nevada avenue; Miss Dora Fehringer, 624 North Tejon street; Miss Leule Nichols, 705 Nevada avenue; Miss Marie Nye, 827 North Nevada avenue; Mrs. George R. Gilmore, 525 Jefferson street, Colorado City.

Business and pleasure combined at the package sale held yesterday afternoon and evening in the Grace parish house by the members of the Woman's club of Colorado Springs. Notwithstanding the storm, there was a surprisingly large attendance and no end of fun as the purchasers unwrapped their mysterious boxes or bundles. There was many a "bargain" revealed and the lucky ones were besieged with offers of a cash advance.

The package sale was declared not only a success financially, but socially. The entire proceeds was clear gain, every article contained in the packages having been donated for the occasion. A neat sum was realized and it will go to swell the club treasury.

CENSUS SHOWS INCREASE

School Fund Will Be Increased by About $2,400 as Result.

The taking of the school census of Colorado Springs was completed yesterday by John Williams and his corps of assistants. The census shows that there are about 6,650 children of school age in the city. This is a gain of about 200 over last year, and means that the school fund will be increased about $2,400 this year. Under the law, the board of education draws $12 for every child of school age. Mr. Williams will submit a complete report to the board next week.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of The Gazette May Have a Sample Bottle Sent Absolutely Free by Mail

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince you.

Didn't Know I Had Kidney Trouble

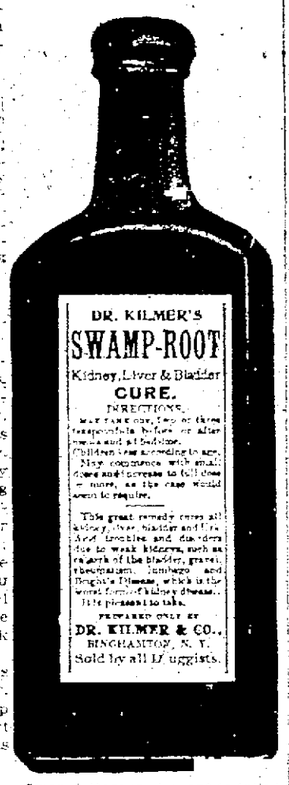
"I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt they might be, and I began taking Swamp-Root. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me strong and better in every way, and I cheerfully recommend it to all sufferers."

Gratefully yours,

MRS. A. L. WALKER, 39 Boulevard Place, Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect home and gentle aid to the kidneys that has yet been discovered.



(Swamp-Root is pleasant to take.)

How to Find Out

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

EDITORIAL NOTICE.—So successful is Swamp-Root in promptly overcoming even the most distressing cases, that to Prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many thousands upon thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample bottle.

In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Colorado Springs Daily Gazette.

Swamp-Root is pleasant to take and you can purchase the regular fifty-cent and one dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PERSONAL MENTION

E. J. Crocker of Victor is visiting in Colorado Springs for a few days.

Mr. and Mrs. Fred Williams of 22 East Columbia street left last night for San Francisco.

President William F. Slocum of Colorado college arrived home from an extensive eastern trip yesterday morning.

D. A. Donaldson is spending a week in this city with his family. He is now general eastern representative of the Manitou Mineral Springs company.

Mrs. Nellie Helfrich of Mountain Home, Idaho, who has been a guest of Mr. and Mrs. Arthur Cornforth for several days, left last night for her home.

Dr. and Mrs. W. A. Campbell will leave today for Washington, D. C. They will attend the Jamestown exposition after Dr. Campbell has attended the meeting of the National Medical association.

NEW HOMESTEAD ORGANIZED

Dissatisfied Element of American Yeoman Form New Lodge.

As a result of a fight in the ranks of the Brotherhood of American Yeomen, which started at the national convention two years ago in this city, Colorado Springs homestead No. 99 was organized Monday night by the dissatisfied element of the order. R. E. Spencer, state organizer, formed the lodge, which has 126 charter members. Mr. Spencer intends to make his home here in the near future. The following officers were elected: Vincent King, president; R. J. Lauderbach, vice president; R. B. Taylor, secretary; Mort Parsons, treasurer; A. L. Lusk, chaplain; W. B. Mitchell, marshal; Mrs. N. A. Lusk, lady of entertainment; Mrs. Emma Burgner, lady of charity; Benjamin Stagg, inner door; J. M. Wilson, outer door; Dr. D. I. Christopher, medical examiner.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, procure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it does actually cure tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hyde, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with rheumatism. I wrote to you for advice, you replied and I followed your direction carefully and today I am a well woman. Lydia E. Pinkham's Vegtable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Hors, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—

"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eigh years of suffering."

Mrs. S. J. Barber, of Scott, N. Y. writes:

Dear Mrs. Pinkham:—

"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham:—

"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor troubles as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health.

THE WEATHER.

WE hope that none of our readers will skip this editorial merely because of its heading. The Weather is a trite subject but it always is an uninteresting one. For example what could be more interesting than the kind of weather we are having right now. There is nothing monotonous about it, nothing that can be taken as a matter of course. It possesses infinite variety. You never know one day what to expect the next and so if there is sporting blood in your veins it affords you a chance for diversion.

Before going to bed you can make a bet that the next morning we will have rain, a sun shine or snow or even hail and in any case it is a good bet. Within the last week we have had a little of every kind of weather and it is not unreasonable to expect that before another week is gone we will wake up some morning to find a sample of all kinds at once. Colorado Springs is the only place on earth where one may walk across the street and get snow on the one foot and on the other and it may some day become celebrated for having summer in December, January and February and winter in the first part of April.

Speaking only for ourselves we find this weather rather agreeable. It is a change from the monotony of mild zephyrs and it can be and is such it is welcome. However we don't like to get too much of a good thing so we turn that Winter gets ready to toddle along in the lap of Spring we are perfectly willing for him to go.

VISITORS GET CHANCE TO KNOCK. Perhaps the worst thing to be said about this kind of weather is that it makes a most unfavorable impression on visitors. We have yet to hear of anybody who has spent twenty four hours in a strange town and fail to form a permanent impression of its climate based on his observation during that particular day. Just now Colorado Springs is entertaining twenty hours at a time a large number of Nobles of the Mystic Shrine, most of whom hail from eastern communities whose climate is so despicable that if all the bad weather which we have had in a year were served up in one day it wouldn't be as bad as just an average day back there. And yet those people come here expecting to find an Elysium where Birds of Paradise fly around in the trees and nightingales coo sweet lays. They look for cloudless skies of turquoise blue, balmy breezes, straw hats, peek a boo shirtwaists and mint juleps served in the shade and because they find us in this the hour of our misfortune compelled to endure the sort of weather which Providence ordinarily inflicts only upon those hyperborean regions which lie outside the Colorado line they affect an air of injured virtue and exclaim the same old fake.

Of course it isn't worth while to argue with people who come here for the first time under such conditions. It is a waste of breath to tell them that this just happens to be one of the rainy days in the season which is unusual in Colorado Springs. They will not believe it. Letters are sent to them by their friends here until they have had time to receive even if they have to be dated a dozen years ago supplies of cloudy days have passed. This heroic treatment has made skeptics of many anti-knocking visitors who held to no other kind.

The president of the Texas Wildcat Club claims that it is still unfinished but returns to his explorations next year. As most of the contents are finished until after he has gone he will finish to the visitor who goes in for exercise, have a nice inexpensive outing.

PROGRESS AT PANAMA.

SECRETARY TAFT's speech at the Panama canal dinner in Washington last night indicates that a great deal of work has been done on the canal since the last report was made by the Isthmian Canal Commission. The report of the commission showed that the work was in a state of transition from the preliminary stage to that of actual construction, that the machinery was being put in place and that the first material work was being begun. It is probable that Congress will be asked at the next session to provide additional funds for the work, the commission having asked for $50,000,000 for the next year.

His report of the progress of work is highly satisfying. Under the very little with the exception of a complete system of sanitation and the direction of a thorough organization. The construction of workingmen's quarters, hospitals, amusement resorts etc. the definite determination of the character of the work to be done and the transportation to the Canal Zone of enormous quantities of machinery and supplies. This has required considerable time but in such a tremendous undertaking it was essential that it be done with the utmost thoroughness and now that it has been all but finished the results justify the claim that it has been well done.

Of course there are many difficulties which lie at the end of the canal. Temperate critics who intend that no stone in the Isthmian ditch shall never be hurled at it have yet to find a single critic who has been able to express a doubt that the public has had a fair judge for the value and now that it is generally known to emanate from those persistent enemies of an Isthmian waterway the transcontinental railways nobody is likely to attach an undue importance to it.

DIFFICULTY OF STARTING CONSTRUCTION. The efforts of the Roosevelt administration fairly to launch the canal enterprise have met with many discouraging rebuffs. One after another the men who were counted on to make the dirt fly have been removed by some mysterious influence that provides railroad jobs for them at salaries which in comparison with those paid by the Government are princely. Nor has the difficulty of getting men been limited to the executive heads for it has been almost as hard to secure a sufficient supply of the right kind of laborers.

The Government's difficulties are by no means [illegible] but they have probably been at least in part overcome. The preparatory work has been done and the time has come when it can be announced that the ditch is not merely going to fill but is actually flying. Secretary Taft says that fifty eight steam shovels are now at work in the Culebra cut excavating 1,000,000 cubic yards a month. At this rate it will require a little over four years to finish the digging at that point but the number of shovels is to be increased to ninety so the work may be soon proceed even more rapidly. Secretary Taft predicts that the canal will be finished within eight years and possibly earlier and we are inclined to think that this prediction is worth more than all of the sly croakings of its opponents.

William F. Curtis says that one of Cuba's greatest needs is honest officials. That seems to be one of the greatest needs of some other communities whose civilization is supposedly farther advanced than that of Cuba.

There are all kinds of ways of getting your name in print. For instance a man named B. Fay Mills has done it by saying that Lincoln was not only greater than Lincoln but as great as Christ.

A Michigan woman broke her right arm the other while spanking her husband and the longest way she thinks that he knows the meaning of the term corrective justice.

What a fleeting thing fame is is now possible to realize when the stock of newspapers without finding a single allusion to Napoleon Delmas.

WHO IS GUILTY?

To the Editor of The Gazette:

It has become a common occurrence to read accounts that are headed somewhat like to them, the city [illegible] the old and the young [illegible] Sunday night [illegible] that [illegible] not even having mercy enough to put the little [illegible] blanket on that was in the buggy. For the sake of the more humane and of its value this ought to be stopped. [illegible] but I fail to see a man that right.

A LOVER OF HORSES.

Colorado Springs, Apr. 29.

UNDESIRABLE CITIZENS

From the New York Time.

President Roosevelt has written many letters but the recent one to Mr. Jaxon, a member of the Cook County Moyer Haywood conference, is the most astonishing. We trust that Mr. Jaxon considers himself answered. If he does not he should point in disagreement with about every right thinking and law abiding citizen of the republic. Mr. Jaxon in behalf of his conference had sent the president an impudent letter of protest—very impudent because however courteous in its phrase such a letter was of its very nature impudent—against the presumed allusion in the Harriman evidence to Moyer and Haywood as undesirable citizens. To this the president replied in a letter that will be pilloried in every reputable magazine. Mr. Jaxon is impudent in this defective fashion. Kentucky gave him a chance to be impudent. He could have refused to join the conference with the governors in the similar manner. For his reason he may have contented himself with the action of such organization as your own in undertaking to demolish the very people in the very case in which they are to be tried. For instance you might have said to Mr. Harriman, Mr. Rockefeller, Mr. Morgan and the Standard Oil, Do Not Will Not and Shall Not Claim Our Brother.

This has the virtue of being a direct and forceful refusal to be a party to any such conference. It would have been a pleasant thing for the president to have had such a letter from Mr. Jaxon. Such a letter would be heard with a general cheer. Such a letter would be a rebuke to the president. Such a letter would be a rebuke to Mr. Harriman. Such a letter would be a rebuke to Mr. Rockefeller. Such a letter would be a rebuke to Mr. Morgan. Such a letter would be a rebuke to the Standard Oil. Such a letter would be a rebuke to the press. Such a letter would be a rebuke to the public. Such a letter would be a rebuke to the president himself. Such a letter would be a rebuke to the president himself. Such a letter would be a rebuke to the president himself

Being Particular Closes no Gates

Against you at our store. The more particular a customer is about his clothes the better the advertisement for us this season. With the style, the workmanship and the perfect fitting clothes we are turning out just now it's little trouble to satisfy the most particular customer who comes into our store. When we have satisfied a particular man he recommends his friends to give us a trial. That's the sort of advertisement we are getting these days. The proof is the trying on—a pleasure.

Holbrook & Perkins

FACTORY NEARING COMPLETION

Rocky Mountain Can Company's Building Will Be Finished This Month

Work on the factory which is being constructed by the Rocky Mountain Can company at the intersection of Tenth street and the D. & R. G. and Midland railway tracks on the west side is progressing rapidly and the building will be completed by the latter part of May. The machinery will be ordered in a few weeks.

The building, which will be 40x100 feet in size, will be two stories in height and built of brick. When the business of the company requires it, another building will be erected. The company will not only manufacture patent cans but will make all kinds of novelty sheet iron goods. With the advent of a novelty manufacturing plant in Colorado Springs more attention will be given to this particular line of work by local dealers as they will doubtless be able to acquire supplies at much lower rate than at present.

Tin cans of three different sizes will be manufactured. It is planned to employ about 40 men at the beginning and to increase the output of the factory and the size of the working force as the occasion requires. Actual operations will begin about July 1. The building and equipment will cost about $20,000. The location of the factory insures the best of shipping facilities.

GEORGE BALL PLEADS GUILTY

Jury Is Discharged—Murderer Will Get at Least Ten Years in Penitentiary.

Because he talked too much George Ball colored must serve a term of not less than ten years in the state penitentiary for the murder of Richard Jackson, another negro at the coal mines north of this city, about six weeks ago. There were no eyewitnesses to the shooting but Ball freely admitted the shooting to the peace officers and told the story on the witness stand.

On the advice of his attorney he changed his plea of not guilty to that of guilty of murder in the second degree, in the district court yesterday. The district attorney agreed to the change and Judge W. S. Morris accepted the plea and discharged the jury from further consideration of the case.

The penalty for murder in the second degree is imprisonment from ten years to life and Judge Morris can not sentence Ball to a term less than the minimum. Owing to the fact that the prisoner pleaded guilty it is not probable that the extreme sentence of life imprisonment will be passed on the defendant.

Ball will be sentenced this week together with Fred Williams also colored who was recently convicted of voluntary manslaughter. Williams' sentence according to the statutes, must be from one to eight years in the penitentiary.

On the witness stand yesterday Ball, in relating an instance in which he was arraigned in a local justice court on a charge of selling mortgaged property intended to convey the fact that he was acquitted of the charge and said that the jury and the judge were cleared. He caused additional merriment by his remarkable ignorance. He does not know whether this year is 1905 or 1907 how old he is or where Broadmoor, Cheyenne mountain and other well-known places are. He admitted that he has no recollection of where north and south is.

SHRINERS CONTINUE TO COME

Several Hundred Scheduled to Arrive Today All Going to Cripple Creek.

Disagreeable weather had no terrors for the visiting Shriners yesterday and hundreds of the nobles from the east made the Cripple Creek trip to be entertained by the Tramp Shriners club. Four trains carried the pilgrims who enjoyed the trip in spite of the clouds and snow. At least 350 more Shriners will see the gold camp today. The Short Line road plans to run four special trains.

The Shriners still continue to come to this city. Last night a special train carrying several hundred Shriners from Washington, Baltimore and Brooklyn arrived in this city via the Santa Fe road. A party from Grand Rapids, Mich., 150 strong is due to arrive here at 7 o'clock this morning and a special train is carrying 300 pilgrims from St. Paul and Minneapolis is due at noon.

DETECTIVE FORCE CHANGED

Burns and Threlkeld Succeed Shultz and Rowan.

As announced in The Gazette yesterday, S. D. Burns will today succeed C. E. Shultz as city detective. Shultz is in Denver, and it is understood that he will move his family to that city. He will either get to work for the detective department of that city or will enter the service of the Thiel Detective agency, with which he was connected for many years prior to his service for this city.

Gus Threlkeld will also succeed John Rowan on the detective force. Rowan will probably enter the Denver detective department, although his plans are definitely vague.

L. D. Colston, another officer under Chief of Police W. S. Reynolds two years ago, has been appointed patrolman and will also resume his duties today. No other appointments have been announced.

SHOT HIMSELF IN BREAST

Kansas Man Tried to Commit Suicide at Fountain.

Lawrence Squires of Scott, Kan., is alleged to have attempted to commit suicide Sunday night by shooting himself through the breast at Charter Oak ranch near Fountain. He is lying at the point of death at the Glockner sanitarium. A quarrel with his sweetheart, Miss Rose Gile also of Scandia, who accompanied him to Fountain Saturday night is said to have been the cause of the deed. A sister of Miss Gile resides at the Charter Oak ranch. Miss Gile refused to confirm the report that she was soon to have been married to Squires. Squires is 26 years old.

TAKES HIS OWN LIFE

AMOS J. ANDERSON COMMITS SUICIDE IN CALIFORNIA.

Act Was the Result of Despondency Caused by Heavy Financial Losses.

Special to The Gazette.

SAN DIEGO, Cal., Apr. 30.—Amos J. Anderson, of Colorado Springs, committed suicide at 1 o'clock this afternoon on Coronado beach by shooting himself in the mouth with a Colts automatic revolver. Anderson it is said dropped a fortune in mining stock speculation in Goldfield, followed soon by more heavy losses in the late L. stake. He came to Coronado a month ago.

According to C. L. Tutt, another wealthy Colorado Springs mining man who is here in his yacht, the Anemone, Anderson grew despondent over his financial losses and his constant brooding ended in chronic melancholia. Anderson had been acting queerly recently according to the clerk of the Hotel Coronado and Monday morning at 3:30 o'clock he walked up to the desk and said:

"Well, old man, it's all off. Good-by."

He was not seen later until two men from San Diego, H. M. and G. M. Hopkins, who were fishing far down on the beach, heard a shot at 1 o'clock this afternoon and rushing in the direction of the report found Amos G. Anderson's dead body on the sands. The revolver lay by his side. Anderson was unconscious and never recovered to make a statement. No letters were found on his person to explain the suicide. He had been occupying room No. 398 Hotel Coronado, for the past month but left nothing there to explain the tragedy. Johnson and Cornish, San Diego undertakers have sent word of the suicide to relatives in Colorado Springs and Anderson's body will probably be sent back to his home for burial.

Amos J. Anderson was widely known in this city where he resided for many years. He was a member of the local lodge of Elks and was prominently engaged in mining. He is survived by three sisters, all of this city—Mrs. Charles F. Gardiner, Mrs. Herman C. Joy and Miss Daisy Anderson. Miss Anderson lives with Dr. and Mrs. Gardiner. He was 38 years old and unmarried.

About three months ago Mr. Anderson left this city for Goldfield, Nev., where he had large mining interests, afterward removing to California. He was in good health and so far as his friends knew his reverses were not of a financial circumstances. Dr. Gardiner said last night that he is unable to account for his brother-in-law's act.

The body will be brought back to Colorado Springs and buried in Evergreen cemetery.

MRS. CARRIE PIERCE INSANE

So Adjudged by Jury After Being Acquitted on Similar Charge Saturday.

Mrs. Carrie Pierce, wife of J. A. Pierce, a carpenter, was adjudged insane by a jury in the county court yesterday and was ordered committed to the Work sanitarium in Pueblo. The defendant was adjudged sane by a jury in the same court Saturday on a charge filed by the county physician. Yesterday's trial was based on charges filed by the woman's husband.

TO ENTERTAIN MOTHERS

WOMAN'S CLUB WILL HOLD BIG RECEPTION SATURDAY.

Officers of National Organization and Delegates to Spend Full Day in This City.

The officers and a large number of delegates to the National Congress of Mothers which will be held in Los Angeles next week will spend Saturday visiting points of interest in Colorado Springs and in the Pikes Peak region. Their visit will be an occasion for rejoicing by every mother and teacher in this city. From them it is hoped that much can be learned in regard to the most advanced and enlightened methods for assisting the children. Their quiet, systematic study of school questions make them valued assistants to the officials in every city and town where their organization exists.

The itinerary provides that the excursionists arrive here by breakfast time on Saturday and spend the day in sightseeing in this vicinity. The journey will be resumed at 10:30 o'clock Saturday night.

The Woman's club plans to hold a reception in honor of the visitors from 4 to 7 o'clock in the Grand parlor house and everyone who may would like to attend will be privileged to do so.

Among the visitors will be Mrs. Theodore W. Birney, founder of the congress a decade ago, Mrs. Frederick Schoff of Philadelphia, present president, Mrs. George M. Brett, Illinois president, Mrs. James S. Bolton, honorary president, Mrs. Walter S. Brown, Iowa president, Mrs. Arthur A. Birney, Washington president, Mrs. Edwin C. Gill, corresponding secretary, Mrs. E. M. Thatcher, chairman of the committee on household economics as well as several others who have been identified with the Mothers congress from the very beginning.

The Denver women are making special preparations for the entertainment of the delegates and officers who will spend Friday there. It is hoped that they will be duly impressed with Denver and give it their indorsement as the convention meeting place in 1909.

Automobiles provided by the Commercial league will convey the visitors over the capital city. At noon Mrs. Charles Dennison, president of the Denver circle will be hostess at a luncheon. A mass meeting will be held at 7:45 o'clock in the East Denver High school auditorium at which Governor Buchtel has been invited to deliver an address. The other speakers will be national officers of the Mothers congress. Friday evening the Denver fathers will be given an opportunity to participate in the program by being the guests of the residents of Mrs. Denison, Mrs. Henry J. Hersey and Mrs. Theodore Van Wagenen will join the party as Denver delegates to the convention.

GARVIN TO WED AGAIN

FORMER WIFE SERVING TERM FOR BIGAMY.

Sent to Prison Only Two Months Ago. Aftermath of Sensational Court Case.

An aftermath of the Alice J. Briggs-Garvin bigamy case by which the world was shocked a year ago came up in the county clerk's office yesterday when Arthur A. Garvin the second husband of the woman secured a license for the marriage of himself and Viola L. Cox. His age was given as 30 years, the prospective bride being four years younger.

Garvin is the second husband of Mrs. Alice J. Briggs-Garvin who was sent to the penitentiary only two months ago to serve a term for bigamy. She married Harry Briggs in Medicine Bow, Mont., in January, 1906, arriving here in October six months later to the day. A feature of the woman's prosecution in the federal district court lay in the fact that the mother of each of the two husbands appeared against her.

While awaiting trial Mrs. Briggs-Garvin feigned illness and was removed from the county jail to St. Francis hospital. There she blacked either face and hands, stuffed a pillow case with rags and tied it with a string to imitate a baby and escaped from the institution disguised as a colored nurse girl. She was arrested in the Santa Fe depot while awaiting a southbound train.

The Garvins have an notorious police career in this city and Pueblo. Each has had the other arrested on various charges and it was the notoriety resultant from Mrs. Garvin's charges against her husband in Pueblo that caused here whereabouts to become known to the district attorney's office of this district which had a warrant for her arrest on the bigamy charge.

Garvin and Mrs. Briggs-Garvin were not legally married, the woman's supposed marriage to him in Chicago being void because of the fact that husband No. 1 was alive and had not divorced from her at the time. Here in Colorado she is at liberty to Viola L. Cox has the same status in law as Mrs. Garvin, ceremonies had even been undergone by Garvin and his alleged wife.

VICTIM OF HEART FAILURE

Sudden Death Casts Gloom Over Party of Visiting Shriners From the East.

Mrs. George A. Axtell of East Hampton, Mass., who was a member of a party of Shriners stopping at the Alamo hotel en route to Los Angeles died suddenly yesterday morning at 9 o'clock from heart disease. Mrs. Eva M. Howe also of East Hampton will accompany the remains back to their city for interment.

Mr. Axtell was the son of George A. Axtell, superintendent of the West Boylston Manufacturing company of East Hampton. She is survived also by a son aged 30 years and a daughter aged 18 years.

Mrs. Axtell's death was entirely unexpected as she was in excellent health at the time of starting on the trip to California Saturday night shortly after leaving Chicago she was taken violently ill. On Monday morning she felt much better but became worse Monday night and died yesterday morning. Her husband was notified by telegraph.

The deceased was 47 years of age. She was traveling with Welsh temple of Massachusetts.

MACHINERY BEING INSTALLED

Goodspeed Manufacturing Company Completes Erection of Four New Buildings—To Have Foundry.

The machinery at the Goodspeed Manufacturing company's plant on South Chestnut street is being installed as rapidly as possible and active operations will begin shortly before June 1. The factory buildings, four in number, have been completed and everything is progressing nicely. The company has decided to add a foundry for the manufacture of iron and steel castings.

A patent steam valve invented by William Goodspeed of Iowa, to be used on stationary and locomotive engines will be the principal article manufactured. About 30 men will be employed at the beginning. The company will also do all classes of machine work, structural, mining and milling machinery, make steam and electric hoists, drills and almost everything in the machinery line. J. A. Morrison of this city is vice president of the company. W. C. Whitaker for many years master mechanic of the Midland shops in Colorado City will be shop superintendent.

In speaking of the progress of the work Mr. Morrison last night said:

"The machinery is being installed and everything is looking favorably. We hope to begin operations not later than June 1. In addition to manufacturing the patent valve and machinery we intend to make all kinds of steel and iron castings."

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine.

Most intelligent and sensible people now-a-days insist on knowing what they employ with the plea "good or a medicine." Dr. Pierce believes they have a perfect right to insist upon this knowledge. So he publishes the formulas of his medicines on each bottle-wrapper, that his medicines are made of and what they contain. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied oftentimes with a debilitating pelvic catarrhal drain and a hundred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The Favorite Prescription is a most potent strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, horror, St. Vitus's dance and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

PRODUCT FOR MONTH

OUTPUT FOR THE DISTRICT 1,177,575 IN APRIL.

Decrease From March Explained by Temporary Suspension of Two Plants for Repairs

Special to The Gazette

CRIPPLE CREEK April 30—The output for the Cripple Creek district for the month of April amounted to $1,177,575 with a gross tonnage of 71,[illegible] which is a decrease from March of $[illegible] and a loss in tonnage of [illegible] This decrease is explained [illegible] mill was closed down practically all of the month and the Findley curtailed shipment while making repairs. The Elkton tonnage was also off on the same account. For reasons a week the outside mines on the street along railroads were handicapped by bad weather which made the roads nearly impassable and caused them to be short in production. There was a different of one day between March and April.

The following table gives the individual treatment made by mills and smelters:

Plant	Tons	Av Val	Yield
Mindora	300	$16	$4,800

COMPANY ORGANIZED

WORCESTER M. & L. COMPANY IS INCORPORATED.

Will Operate the Gould Property on Raven Hill—Machinery Ordered

Special to The Gazette

CRIPPLE CREEK April 30—Articles of incorporation for the Worcester Gold Mining and Leasing company will go forward today to the secretary of state. The new company will have a capitalization of $100,000 with J. M. Parfet president and manager, J. F. Worcester vice president, H. M. Richmond secretary, J. Grant Dale treasurer and C. A. Collette general counsel.

The Worcester Gold Mining and Leasing company was organized for a term of two years. It will take up work on the Gould Mining and Milling company property situated on Raven hill, consisting of some 8 acres located in the most desirable neighborhood in the camp. The Gould holdings are surrounded by the Fay, the Ophir, Jerry Sample, Elkton, Doctor, Jack Pot and others. The leases will be let on different claims, some being given over to development. The new company has the machinery ordered for its mills which will be installed at once.

OPTION ON KING AND QUEEN

Charles Smith and W. E. Allen Will Install Machinery and Begin Crosscut.

Special to The Gazette

CRIPPLE CREEK April 30—Charles Smith and W. E. Allen will install a hoist and air compressor on the Midget, on the west slope of Gold hill, from which they made a good strike. They have taken a two years lease on the Little King and Queen claims of the Ben Hur company, adjoining the Midget. The new lessees will pay a royalty. There is a shaft which is 100 feet up on the property. Messrs. Smith and Allen have already started a force of men which will be in a position to work during the coming season. It is proposed to drive a crosscut toward Mt. Pisgah. Visitors must as soon as they can get into the camp will be greatly benefited by the new leases while operating in the Midget discovered a good vein that penetrates into the territory which they have just secured, and that they will drive for it.

TO SELL BELLE CITY CLAIM

Deal Is On With Denver Parties For Sale at Valuation of $10,000

Special to The Gazette

CRIPPLE CREEK April 30—Negotiations are pending between Frank H. Pettigrew of the Santa Rosa company, Denver, and the Belle City Mining company of Denver, for the sale of the Belle City, located on the southwest side of Bull hill. The property is held at $10,000. The prospective purchaser is J. D. Hawkins, president of the company. The property is adjacent to the Belle Creole, which recently changed hands, and it is said that Messrs. Hustead and others who recently purchased the Henry Adams have found that the Adams shoot probably runs into the Belle City territory.

AN OPTION ON LAST CHANCE

Parsons and Martin May Work the Property Adjoining the Hummer Claim

Special to The Gazette

CRIPPLE CREEK April 30—A prospecting privilege has been given to George Parsons and Harry Martin by the Mobile Gold Mining company on the Last Chance lode claim on Bull hill. The above named parties are working on the Hummer when they drifted on a big body of low-grade ore. This vein apparently is headed into the Last Chance claim and the operators have taken the precaution to inch the adjoining property if their present prospect develops. There are five different shafts sunk on the Last Chance property ranging in depth from 60 to 480 feet. There is an immense dyke traversing the Last Chance. The privilege extended to Messrs. Parsons and Martin calls for a lease for a period of two years with royalties of [illegible] per cent.

BIG SUIT SETTLED

Burrage Pays $480,000 to Copper Range Company

BOSTON April 30. That a payment of $480,000 was the basis on which the $1,000,000 suit of the Copper Range Mining company against Albert C. Burrage was settled after it had come to a close last week became known today in connection with the publication of the report of William A. Payne of the Copper Range company. Mr. Payne's report said that litigation between the company and Mr. Burrage has been settled by the payment of $480,000 by Mr. Burrage.

TALK'S TOLD HERE

Some remarkable stories are being told of this simple home prescription curing Rheumatism and Kidney trouble even after the most noted health resorts failed to give the slightest relief. Here is the prescription and directions for taking. Mix by shaking well in a bottle one half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet but drink plenty of good water.

This mixture writes one authority has peculiar tonic effect upon the kidneys, dissolving the clogged up particles of the eliminative tissue, enters the kidneys to diffuse and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary trouble in a short while.

Every prescription pharmacy can supply the ingredients which are easily mixed at home. There is no better blood cleansing agent or system tonic known and certainly none more harmless or simple to use.

TAKE LEASE ON ALSA R.

Raven Hill Property Passes Into New Hands

Special to The Gazette

CRIPPLE CREEK April 30—J. W. Dustin and James Conlan have taken a lease for a period of two years on the Alsa R claim on Raven hill just below the Moss property where they have encountered a vein which is fully eight feet wide and from which they are securing assays in the vicinity of $[illegible] to $1,000 running $[illegible] in gold to the ton. These lessees are now trying to make a satisfactory connection with one of the local cyanide mills. If terms can not be agreed upon then the lessees propose to build a small plant on the property and treat the ore themselves, the operation being conducted through the Alsa R tunnel about 70 feet [illegible] the surface.

SUES FOR $25,000

Employe Alleges Damages Due to Cavein

Special to The Gazette

CRIPPLE CREEK April 30. The case of Atwood Wright vs. the Mollie Gold Mining company was started today in the district court before Judge Owen. The plaintiff asserts that on March 19, 1906, he was working on the second level of the Mollie claim in Copper mountain when a cavein occurred. He was injured, he alleges, by being struck on the head and three ribs broken, which produced the loss of sight in his left eye and rendered his legs so lame that they had to be amputated. He was also severely injured in the side. It is expected that the case will go to the jury tomorrow.

BURNED BY EXPLOSION

Workman Drops Hot Slag and Is Injured

Special to The Gazette

CRIPPLE CREEK April 30—J. Fry, an employe of the Isabella, was severely injured today while carrying a pot of hot slag which he allowed to drop and which exploded by coming in contact with water. His jacket was completely burned off his back and he suffered severe burns about the face and body.

CHINESE REFORMER

Yue Chang Is Studying Hard at the University of Chicago

From the Chicago Record-Herald.

Among those students taking the undergraduate work at the University of Chicago [illegible] are these [illegible] except in the classroom [illegible] books [illegible] sonalities. [illegible] mustached [illegible] and black and [illegible] the short Mexican [illegible] all his [illegible] and the Japanese [illegible] things which [illegible] from [illegible] the college life.

But the most interesting of all these is Yue Chang, [illegible] regular Chinese [illegible] American [illegible] straight black hair and saffron complexion. But in every thing else he is completely American—an enterprising, sharp-witted lover of his country. [illegible] Chang [illegible] in Chicago to study on money [illegible] power in China that [illegible] paying back [illegible] will be returned [illegible] land of family graveyards and demon worship.

A man [illegible] country with [illegible] says Chang. [illegible] and they [illegible] in editor [illegible] appears at the office of the college paper the Daily Maroon to get his assignment and then hustles over the campus to interview the dean of the law school, to find out the prospects of the swimming team or what not. One night a week he is on make-up—reads proof till midnight at the printing shop, often submits editorials—they all have to object seriously to his using English that reminds of some abuse.

The twenty-four hours of the day are far too few for this vigorous Chinese. One of them he spends in messenger service for the university, thereby paying off his tuition; two more hours a day and all of Saturday he passes in a tea store in Sixty-third street. In this job he gets enough for board and room and the offer to send back monthly to China to decrease the debt of the trip to America two years ago. Gymnasium work is required for graduation—four hours of it a week. But those four hours were so many impossibilities to Chang so he gives up. All hope of a degree and [illegible] for him is only a huge workshop where he must forge the tools to free his countrymen, ambitious task. His eyes are on the future. In China in the years to come he sees his honor and pleasure.

Learn [illegible] his alarm clock ticks out for him. He carries four studies and well though the usual three very often run at his easy going fellows. He is not a dull but regular student and attentive as a hawk. Economics and ethics he looks best, though he is routing himself by special courses in literature, history and modern languages.

And so he toils away with never a moment for idle pleasure. Through these spring days he hurries on with cheeks sunk in a little but the same dark yellow. But if one asks him what he is going to do when he gets through college his eyes blaze up and he smiles and with a happy chuckling in his throat that service permits him to speak he cries out: "I am going back home."

It took but a man can't get into Heaven with his tomb tenancing option as a passport.

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

S. B. Burhans Testifies After Four Years.

O. B. Barhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It not only stopped the brick-dust sediment and painful symptoms of kidney disease, it disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50c and $1.00.

Clean Cooking

Wherever there's a New Perfection Oil Stove in the kitchen, there you will find the pots and pans clean and bright. The blue flame of the New Perfection is the cleanest flame produced by any stove, and is entirely free from smoke and soot. Another advantage of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is that the heat is highly concentrated by enameled chimneys. This means quick results. The New Perfection is *different* from other oil stoves. Made in three sizes, with one, two and three burners. Every stove warranted. If not at your dealer's, write to our nearest agency for descriptive circular.

The Rayo Lamp is the best lamp for all-round household use. Equipped with the latest improved burner. Gives a bright, steady light at lowest cost. Made of brass throughout and beautifully nickeled. Suitable for any room, whether library, dining-room, parlor or bedroom. Safe and satisfactory. Every lamp warranted. Write to our nearest agency if not at your dealer's.

PROSPECTS BRIGHTER

STOCKS MORE ACTIVE THAN FOR MANY DAYS.

Speculators Are Beginning to Regain Confidence and Outlook Is Better for Future.

NEW YORK, April 30.—More business was done during the first hour of today's session of the stock market than in the same time for many days past.

Some of the features of the movement had commenced to arouse distrust by that time, and there was a relapse into dullness and uncertain fluctuations. Many stocks were active during the first hour that have been unresponsive to the recent attempts to revive speculative interest and the whole market took on an appearance of breadth and volume that has been conspicuously lacking recently. This served as an answer to criticisms of yesterday's dealings that they were practically confined to Union Pacific. But the fact became evident in a short time that this diversion of speculative activity was being taken advantage of to market holdings of Union Pacific itself. It was this that checked the upward movement which induced the subsequent reaction, thus serving to reaffirm the dominance of Union Pacific in the present market.

The heavy tone of United States Steel was a drag on the market also. There was no expectation of an increase in the dividend at the meeting to be held later in the day, but all interest centered on the showing of unfilled orders on hand on March 31. That these should exceed the record figures reported on December 31 was scarcely hoped, owing to the seasonable drawbacks of the spring weather on the trade. But speculators feared that the showing of a decrease, however explained, might be depended upon to point an argument that trade reaction was indicated. The London market was dull on the eve of tomorrow's (May day) holiday and contributed nothing to the activity of this market.

Stocks were but little responsive to the good showing of the weather bureau's weekly bulletin on the crops and to the moderate damage indicated by the Kansas state agricultural report for April. A plentiful rain for present needs in the upper Mississippi and lower Missouri valleys was the report by the government bureau. Coupled with news of additional rains since and promise of more and the decided heaviness in the wheat market itself, the factors in the crop outlook were generally towards reassurance. The leadership of western railroad stocks in such strength as the market showed was a reflection of the crop news.

An incident of the day was the sale of a stock exchange seat at a much advance over price at the preceding sale. A sustained demand for the seats in periods of dullness in stocks is looked upon as a sign of confidence in early future revival of business. Much attention was paid, however, to reports in circulation of the intended dissolution of certain stock market connections, as an evidence of decline in speculative interests in quarters hitherto most absorbed in that pursuit. Whether prompted by unpleasant experiences of the recent past or by judgment of future probabilities, the effect of the example was not stimulating to the market.

Bonds were irregular. Total sales, par value, $1,446,000.

United States 2s declined ¼ per cent on call.

Sold by all Druggists and Shoe Stores, gives rest and comfort. Try it today, 25c. Don't accept any substitute. Trial package FREE. Address, Allen S. Olm-

SENTIMENT BEARISH

WHEAT LOWER AND SELLING IS PERSISTENT.

Increase of 600,000 Bushels in Visible Supply and Crop Reports Are Favorable.

CHICAGO, April 30.—The wheat market was subjected to heavy selling during the greater part of the day, sentiment being extremely bearish until late in the day, when a little steadier feeling developed. There was quite general unloading of long wheat both by local and outside holders, while commission houses and pit traders also sold freely. The selling was the result chiefly of the complete breakup of the prolonged drouth in the southwest. Other factors which helped depress prices were lower cables, absence of any fresh reports of damage by greenbugs and an increase of 600,000 bushels in the world's visible supply compared with a decrease of 4,075,000 bushels the same time a year ago.

The Kansas report at first was generally construed as bullish, but was later taken up by the bears as another means of forcing prices to a lower level. This report gave 84 as the condition of winter wheat against 89 as estimated by the government experts. The seemingly great disparity in figures was accounted for on the theory that the state report was based on statistics secured much later than those compiled by the government and after the crop had been subjected to the blighting effects of the drouth which was now at an end. The selling was less urgent during the last half hour of trading, and prices made a fair recovery. The close was fairly steady.

July opened unchanged to 1-4 lower at 82 to 1-4, sold off to 81 and closed at 81 1-2@5-8.

Corn was weak on active selling by longs and commission houses. The break in wheat was the chief depressing influence. The market closed easy. July opened unchanged to 1-8 higher at 49 7-8 to 50, sold off to 49 1-8@1-4 and closed at 49 3-8@1-2.

For the greater part of the day the oats market was weak. The market closed firm. July opened unchanged to 1-8 higher at 41 7-8 to 42, sold off to 41 1-2 and then advanced to 42 1-8@1-4, closing at 42@1-8.

Trading in provisions was characterized by free liquidation on the part of holders of May contracts, who wished to avoid all possibility of having to accept the cash product on deliveries tomorrow. This had a weakening influence on the market in general. At the close July pork was off 2 1-2 at $15.80. Lard was down 2 1-2 at $8.72 1-2. Ribs were a shade lower at $8.87 1-2.

FOR SALE—REAL ESTATE.

FOR SALE.

$3,650—We have a close in home on a corner lot that the owner wishes to sell. The house has seven good rooms, hot water heat, electric lights, bath, range and everything necessary in a first-class home. We can make reasonable terms.

2,000—Tell us what is the matter of this for a snap. 6 large rooms, reception hall, porcelain bath, electric lights, furnace heat; full basement, full lot and barn, close to electric line.

6,500—A large north end home, beautiful and well-located; on a corner; 12 rooms besides reception hall; every modern convenience; plate glass windows; a good portion of the interior finished in oak and maple; new carpets and curtains go with the house; can make reasonable terms, and there is a bargain in this home.

4,500—A 7-room, fully modern dwelling on North Nevada, in a fine residence section. This house has every modern improvement needed in an up-to-date home, has a full lot, good barn and plenty of shade.

11,000—The best bargain in Colorado Springs for the price; a beautiful home of 11 large rooms, every modern improvement, large barn which alone cost $4,500. The improvements on this property would cost today to build not less than $12,000. The ground is 100x190 feet, and worth $9,000. The price for all is only $11,000.

850—A dandy little cottage, all newly painted and in good condition, good sized lot, small stable and chicken yard; $850 takes it and we will make easy terms.

1,900—A fully modern home with six full rooms, large reception hall, furnace heat, porcelain bath, electric lights, full basement, barn, lot 50x165 feet, well located in the northeast part of the city and only one block from electric car service. This is a snap.

CITY BRIEFS

FINELY furnished rooms Y. M. C. A.

GARLAND Clairvoyant 312 N. Tejon.

MINING stocks Earnest & Co., P. O. Bldg.

VIVA ANDERSON CONCERT—The Viva Anderson benefit concert will be held tomorrow evening.

THE ladies of the First M. E. church will hold a rummage sale at 12 East Huerfano Friday and Saturday, May 3 and 4.

MEETING POSTPONED—The regular monthly and yearly meeting of the Day Nursery, which was to have been held today and tomorrow, has been postponed one week.

COLLEGE CATALOGUES—Coburn library of Colorado college will be most grateful to receive copies of the 1906 catalogue of the college or of any catalogues issued earlier than 1890.

FUNERAL—The funeral of Mrs. Mary A. Bacon, who died Monday night, will be held from the residence 420 North Nevada avenue this morning. Both the funeral and the interment will be private.

TO STOP AT PEYTON—At the request of the newly-organized chamber of commerce of Peyton, the Rock Island officials have telegraphed orders to stop the special produce car of the Rock Island road at Peyton for one day.

ASSISTANT ENTOMOLOGIST—Elbert Tucker, son of J. T. Tucker, the well-known restaurant man of this city and Denver, was in this city yesterday en route to Texas, where he has been appointed assistant state entomologist.

PHONOGRAPH RECITAL—A phonograph recital will be held in the auditorium of the Manitou High school tomorrow evening at 8 o'clock by the Manitou Record for the benefit of the Ladies' Aid society of the Congregational church.

MEET POSTPONED—The interclass field and track meet of the High school which was to have been held yesterday afternoon was postponed on account of the bad condition of the track and the disagreeable weather. It may be held tomorrow.

LARGE FIRE—A fire at Camp Harding near Cheyenne canon yesterday morning about 8 o'clock destroyed the Vardmens cottage, causing about $1,000 damage. The cottage was unoccupied and was situated only about 75 feet from the main structure at the camp, and for a time it was feared that it would also be destroyed.

TOURIST PUBLICATION—A new compilation of hotel, boarding and rooming accommodations as well as the restaurants of the city is just being completed by Secretary Henry Russell Wrey of the Chamber of Commerce for the use of tourists. A list of suburban ranches and resorts where tourists may find good camping facilities will be a feature of the publication.

FUNERAL—The funeral of Miss Vera Erin Cooper, aged 11 years, who died at Camp Stratton, Cheyenne canon, will be held from the home of Mrs. C. J. Leazer this afternoon at 3 o'clock. The Rev. C. S. Bates will officiate. Miss Cooper is from Des Moines, Iowa, and came to Colorado about a year ago for her health. Her sister, Miss Ada Cooper, was with her at the time of her death. Her father arrived from Des Moines last night.

MECHANICS SOCIAL—The Junior Order of American Mechanics will give a box social Friday evening in the Robbins hall. All friends of the order are invited to attend.

LICENSE—Robert Elliott of Salt Lake City and Ora Farriel of this city yesterday secured a marriage license in the county clerk's office.

INCORPORATE—Articles of incorporation were filed in Denver yesterday by the Factolus Mining and Leasing company. The directors are J. A. Morrison, D. F. Miner and Arthur Carlfogth of this city. The company is capitalized at $100,000.

MANITOU NO LONGER "DRY."

Council Grants Three Liquor Licenses—Two Laid Over.

Manitou is no longer a "dry" town. Three liquor licenses were granted at a special meeting of the town board last night. Two applications for licenses were laid over until the next regular meeting. For two weeks Manitou saloons have all been closed because of the council's failure to take action on the application for liquor licenses at the last regular meeting. Those receiving licenses last night were C. F. Albright, Thomas Creighton and James Blair. The applications laid over were from the Glenwatha Gardens and a man named McCart.

Y. M. C. A. NOTES.

A new plan is being adopted by the Young Men's Christian association in regard to the Sunday afternoon service. In turn the men of the various churches will have charge of the meetings. Each meeting will be arranged by the men of one denomination, but men of all denominations will be invited to attend. Next Sunday at 4 o'clock the men of the First Methodist church will have charge of the meeting. Dr. Wilcox will deliver a special address. C. J. Cates will sing a solo.

Good, Unimproved Irrigation Farm Land

FOR SALE

Located in the famous San Luis Valley in the State of Colorado and under ditch from the Terrace Reservoir and having a perpetual water right, with water enough to properly grow any kind of crop.

This land can now be had for $26.25 per acre and similar land, well improved, is now bringing from $50.00 to $80.00 per acre.

This reservoir is nearing completion and this land and water will not be available at this price for any great length of time.
